Pulsar LGM-1 is a dual channel modulation powerhouse for the Reason rack.

How this works

Any customer who purchases and registers a qualifying Reason product* before the offer ends, will get the included Rack Extension instruments automatically added to their Propellerhead account. To download the Rack Extensions, they just go to their account page, locate their Rack Extensions tab and click 'sync all'.

*Offer applies to Full version and Student/Teacher purchased new from an authorized dealer. Upgrade versions not eligible.
