

to You Can Take Anywhere!

Optical Digital Output

Getting your music on CD is easy! Use the Optical Digital output to digitally transfer songs to a computer or stand-alone CD/MD recorder.

Battery or AC Power

The compact BR-532 can be powered by batteries for true "on-the-go" recording, so when inspiration strikes, you'll be ready.

Convenient SmartMedia™ Storage

The BR-532 records to ultra-thin SmartMedia*—no hard drives or disks to mess with. A 32MB card is included; cards up to 128MB can be purchased separately.

*3.3V only

Built-in Microphone

The BR-532 makes it possible to capture ideas anytime, anyplace—even when you don't have a microphone with you.

A Rhythm Guide with Real Drum Sounds!

The onboard Rhythm Guide has plenty of realistic-sounding drum patterns in a variety of musical styles—ready to be arranged.
