

BEAMbar™

FEATURES

- Linear aerial effect light with full pixel control
- Produce banks of light with narrow, razor-sharp beams
- Enhance any gig with built-in, eye-catching effects
- Create light shows using built-in, sound-activated auto programs
- Build impressive matrixes or runway effects with multiple fixtures
- Easily generate complex looks using ShowXpress™ Pixels
- Simulate halogen lighting and achieve smooth LED fading with built-in dimming curves
- Combat harsh, on-the-road conditions with a robust casing
- Save time running cables and extension cords by power linking multiple units
- Trigger built-in automated programs using master/slave or DMX mode
- Sound-activated programs move to the beat of the music
- Easily transport up to two units in the CHS-60 VIP Gear Bag
- Works with the CBB-6 to attach multiple units together

Weight: 6.6lbs (3.1kg)

Size: 19.7 x 3.9 x 8.5in (500 x 98 x 217mm)
