To secure the best possible service, please follow these simple steps:

- Register your product online <http://www.chauvetlighting.com/warranty-registration/> (or fill out and return attached warranty card) as soon as possible.
- E-mail or call the CHAUVET® office in your region to request a return authorization number (RA#). For customers located outside of a CHAUVET® covered region, please contact your local distributor. Do not send a product without first securing an RA#. Do not write the RA# directly on the box. You must write it on a removable sticker, i.e., a shipping label.
- Units must be in the original packaging with all original accessories. Do not write anything on or alter in any way the original box. Any damage from inadequate packing or carrier mishandling is the sole responsibility of the sender. Double-box all returns. Place the original box in a larger box and surround it with suitable packing materials, such as styrofoam peanuts or foam.
- All shipping charges must be prepaid by the sender. CHAUVET® will, at its own expense, return the repaired product to the sender provided that the return address is within the 48 contiguous United States or United Kingdom and that the product is still under warranty (proof of purchase required*. Please see warranty details on back page). We will ship the best way, at our discretion. *CHAUVET® only provides return shipment within the 48 contiguous United States and United Kingdom. Return shipment outside of these areas is the sole responsibility of the customer.

PRODUCTS NOT UNDER WARRANTY: Please notify your CHAUVET® service advisor that your product is no longer under warranty when you request your authorization number. Once the unit has been received, you will be contacted and advised of the cost of carrying out any repair unless the cost does not exceed \$35.00 USD / £20.00 GBP, in which case the repair will be performed without seeking your prior approval. Repaired unit(s) will be shipped back to you upon receipt of payment for all work performed and return freight charges.

- Warranty on repairs: All repairs have a 60-day warranty on replaced parts and repair labor valid from the date the repaired unit is delivered to the shipping agent for return to the customer.

CHAUVET® is not responsible for any loss or damage to additional items or accessories that are sent with returned products. We cannot be held responsible for delays in shipping.

PLEASE NOTE that it is essential that defective products reach the address set out [over leaf] by the last day of the relevant warranty period at the latest. Late claims will not be considered.

This warranty does not confer any rights other than those expressly set out in this warranty and in particular no credit notes will be issued. This warranty does not cover any claims for consequential loss or damage.
