

J. ROCKETT AUDIO DESIGNS

Controls

- **Gain:** Turned to the right it increases gain, turned to the left it reduces gain.
- **Tone:** A subtle control to adjust the highs and smoothness.
- **Fat:** A subtle, low-end trim. This control enables you to make adjustments when going from humbucker pickups to single coil pickups.
- **Volume:** Turned to the right it increases the volume, turned to the left it decreases the volume.
- **Hot Switch:** When switched up it adds more gain and bite in addition to a slight midrange push.

Settings

The Blue Note OD was designed to be an extremely transparent, low gain OD pedal for the blues. The objective was to create a pedal that does not take away from the natural tone of your amp or guitar. The schematic is very simple and this allows for a subtle, yet effective EQ section. You also have the ability to add a bit more bite and gain when engaging the hot switch.

All J. Rockett Audio Designs pedals operate off of the standard BOSS type 9 volt adapter or a single 9 volt battery. The power input is a 5.5 mm x 2.1 mm jack with the positive voltage on the outer sleeve. Using an external power supply will automatically disconnect the battery. Disconnect the input jack to preserve battery life when not in use or when not used with an appropriate, external power supply.

2.1mm x 5.5 mm tip/negative plug

Warranty

J. Rockett Audio Designs LLC will repair or replace, at its discretion, defective workmanship or materials on all new J. Rockett Audio Designs products directly or through the selling dealer or an authorized service technician for one year from the date of purchase at no cost to the original purchaser. Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending a product in for repair, please contact us at chris@rockettpedals.com or jay@rockettpedals.com or call us at 760-419-1345.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration. A dated sales slip or order number (issued by a tech, dealer or J. Rockett Audio Designs) must accompany a product being returned for warranty service. Repairs without a return authorization number will be refused. Please allow four (4) weeks for warranty service. For more information please contact J. Rockett Audio Designs via our website at www.rockettpedals.com or call us at 760-419-1345. No other warranty is expressed or implied.
