AxeHead™

Miniature headphone guitar amp

Plug in and play. Ideal for home use, college dorms, traveling... wherever your music takes you!

Using supplied 1/8" stereo cable, connect mp3 player, cd player, or any compatible audio source to hear music while playing

To recharge, connect supplied USB cable to computer's USB port or optional AC adapter (Note: Only to recharge AxeHead, not for computer recording)

INCLUDED ACCESSORIES:

Headphone Splitter
1/8" headphone splitter allows two listeners at the same time

Stereo Cable
5', 1/8"-1/8" stereo audio cable connects the AUX input of the AxeHead to any audio source with 1/8" connection (mp3 player, cd player, stereo)

Charging Cable
USB to Mini USB (B) charging cable connects the AxeHead to computer's USB port to recharge unit

Optional AC Adapter available (see order form inside)

Made in China
