

F

FT-2 FLIP-ON TUNER

For Acoustic Instruments

The Fishman FT-2 digital chromatic tuner provides quick and accurate tuning for most instruments with a simple flip. Clip it on, flip up the display and the FT-2 powers-on. Flip it back down when you're done tuning shut it off. The large, high-contrast, backlit display is easy to read and shows pitch with ± 1 cent accuracy via tuning "needles" and a multi-color backlight.

It is also incredibly lightweight—weighing only 21 grams—so it won't affect your instrument's tone. When flipped down to the off position, it's incredibly low-profile, so you can leave it in place while you're playing and the soft clip won't harm many finishes.

FT-2 Acoustic Instrument Tuner Features:

- Flip it up to turn it on, flip it down to turn it off
- Fully chromatic, automatically displays the note
- Large, easy to read LCD display lights green when in-tune, red for sharp, amber for flat
- Meter style "needle" display is accurate to 1 cent
- Built-in clip-on sensor
- Automatic power save shuts it off after 5 minutes
- Includes one 2032 coin battery

FT-2 DIGITAL TUNER SPECS:

ACC-TUN-FT2	FT-2 Digital Tuner
TUNING SOURCE	Clip-on sensor
TUNING MODES	Chromatic 12-note
