

Purchase a P-255 digital piano and receive a FREE MG06X mixer!

Gigging pianists need quick and easy solutions for getting in, getting set, making music and getting paid. Yamaha realizes that not every gig requires a large PA system adding to your setup time. That's why the MG06X mixer is the perfect companion to the P-255 digital piano with a built-in, rear-facing speaker system. Connecting the MG06X to the P-255 lets you add a microphone with Yamaha SPX digital effects, like reverb and delay, to enhance your vocal performance. If it's a small, casual gig, why set up extra gear you won't need? Just take your P-255, MG06X mixer and a microphone and you'll be set.

Purchase a P-255 digital piano from an authorized Yamaha dealer between September 1 and October 31, 2015, and receive a FREE MG06X mixer (\$159 value)!

Register your purchase online at 4wrd.it/P255Promo and upload a copy of your receipt by November 15, 2015 and we'll send you a Yamaha MG06X mixer!
