professional studio
monitor headphones

**Exceptional audio quality
for professional monitoring
and mixing**

 **audio-technica**[®]
always listening[™]

Smooth consistent sound, Great articulation, Superior comfort

ATH-M50 professional studio monitor headphones provide an exceptionally accurate response combined with long-wearing listening comfort. Designed especially for professional monitoring and mixing, these studiphones feature an efficient collapsible design for space-saving portability and storage. Circumaural ear pieces swivel 180° for easy one-ear monitoring, and luxuriously padded ear cushions create an outstanding seal for maximum isolation. The adjustable headband is generously padded for the ultimate comfort during long mixing sessions. A coiled cable at the left earpiece terminates to a gold-plated mini-plug with included screw-on 1/4" adapter.

A-T's sophisticated driver technology and superior components deliver exceptional power handling and very high SPL capabilities while maintaining clarity of sound throughout an extended range, with deep resonating bass and outstanding vocal projection. The headphones feature proprietary 45 mm large-aperture drivers with neodymium magnet systems for ultra-efficient signal transfer.

- **Exceptional audio quality for professional monitoring and mixing**
- **Collapsible design ideal for easy portability and convenient storage**
- **Proprietary 45 mm large-aperture drivers with neodymium magnet systems for ultra-efficient signal transfer**
- **Closed-back cushioned earcup design creates an outstanding seal for maximum isolation**
