

### ZXA1 & ZXA1-Sub

The ZXA1 and ZXA1-Sub from Electro-Voice offer the best performance to weight ratio in portable sound – massive power with a minimal footprint.

Weighing-in at just 19 and 46 pounds respectively and equipped with the latest Electro-Voice-engineered components, the ZXA1 and ZXA1-Sub combine to deliver crisp, clean highs and larger-than-life lows in an unbelievably compact, self-powered package.

Add easy-to-use controls and connectivity to the equation and a ZXA1 system helps make load-in, set-up, and tear-down easier than ever, without cutting corners on audio quality – whatever your gig.

**Big power has never been so portable...  
or looked so good.**

## Powered ZXA1

19 pounds, 8.6 kg

### 8-inch two-way powered full-range loudspeaker

An incredibly versatile solution for mobile and small-venue sound reinforcement, ZXA1 features the latest professional-grade Electro-Voice drivers and a powerful 800-W amplifier, all presented in a stylish, super-durable ABS enclosure to create a lightweight loudspeaker that looks as good as it sounds. Whether used as a standalone loudspeaker or with a sub, turn up a ZXA1 and your eyes won't believe your ears: small-format never sounded better.

▪ Lightweight <b>800-W</b> Class-D amplifier: <b>126-dB maximum SPL</b>
▪ 8-inch high-output woofer and 1-inch true compression driver
▪ Rotatable 90° x 50° horn
▪ Selectable high-pass filter for use with subwoofer
▪ Line and microphone inputs
▪ Integral monitor angle and built-in pole mount
▪ 19 pounds, with handle for easy carrying

## Powered ZXA1-Sub

46 pounds, 20.8 kg

### 12-inch powered subwoofer

Extending the ZXA1's size-defying performance and sleek styling into the low-end realm, the ZXA1-Sub packs 700 W of self-powered punch into a low-profile wood enclosure. Match ZXA1 with ZXA1-Sub and hear just how big a small rig can sound, whether you want to add a tight thump to a DJ set or give the highs and mids some breathing room in a live performance.

▪ Lightweight <b>700-W</b> Class-D amplifier: <b>126-dB maximum SPL</b>
▪ 12-inch high-output woofer
▪ Dual XLR stereo inputs and outputs
▪ DSP with low-end boost and polarity control
▪ Pole mount for full-range systems
▪ 9-ply/15-mm internally braced wood enclosure with textured paint
▪ 46 pounds, with handle for easy carrying
