SE112 Sound Isolating™ Earphones

Great Sound with Deep Bass

Featuring Dynamic MicroDrivers, the SE112 delivers great sound with deep bass and impressive sound isolation, for a perfect audio upgrade with today's portable digital devices.

Sound Isolating Design

Comfortable sound isolating sleeves block up to 37 dB of ambient noise. Sound Isolation technology prevents outside noise from interfering with your listening experience, whether on-stage or on-the-go. Shure Sound Isolating Earphones require a proper fit to achieve the best sound.

Unmatched Personalization and Comfort Ergonomic, Professional Design

Optimized nozzle angle is designed to rest comfortably in the ear. Over-the-ear configuration keeps cables out of the way.
