

Warranty

All ART and ARTcessories products are covered by a 3 year manufacturer's defect warranty, and M Series microphones feature a 2 year manufacturer's defect warranty. In most cases, ART simply does not stock replacement parts on older products where they are discontinued and the warranty period has expired. If you seek warranty/repair service for your ART product, visit their **Return Authorization** page (http://www.artproaudio.com/default.asp?p1=6&p2=0&p_id=114) and fill out the required form.

**Please note: ALL warranty periods start from the original purchase date.*
